

NORTH HIGH SCIENCE

Registering for 9TH GRADE:

(Required for graduation)

Earth Science A & B

(2 credits)

Registering for 10TH GRADE:

(Required for graduation)

Biology A, B & C

(3 credits)

Registering for 11TH GRADE:

(Required for graduation)

Chemistry A, B & C

(3 credits)

or

Physical Science – Chemistry

(1 credit)

Registering for 12TH GRADE:

(Required for graduation)

Physics A, B & C

(3 credits)

or

Conceptual Physics A, B & C

(3 credits)

or

Physical Science – Physics

(1 credit)

Students may take a course before the grade the course has been listed in the table above. For example: taking Chemistry in 10th grade or Physics in 11th grade is OK. Electives can be taken as soon as the prerequisites for the elective have been satisfied.

ELECTIVES:

AP Biology A, B & C

Anatomy

Astronomy

Environmental Science/Ecology

Forensic Science

Genetics

Geology/Paleontology

Meteorology

Physiology

The University of Minnesota and MN State Colleges expect students to have had at least three years of High School science, including at least one year of a biological science (Biology A, B & C) and at least one year of a physical science (Chemistry A, B & C and/or Physics A, B & C).

Expand your possibilities – expand your knowledge of science!
